

Hillary & Donald as you have never seen them before ...

Next Tuesday (08/11/16) is the date for US Elections that will impact all of us. The mission that comes from this date (28/ 19/ 10/ 1) is all about the correct use of power. The 28 at the front ideally means finding the courage to be truly independent and the will to deliver the new consciousness, 'He who dares wins'.

Hillary's job in life is this 19/ 10/ 1 energy, which can also represent a new type of leader who leads from behind, putting others first and taking everyone with them. 19/ 10/ 1 can also represent the misuse of power to serve the self and making decisions in the 'cold light of day' – without emotion. It's interesting that Barack Obama's expression no. is 64/ 19/ 10/ 1, with the 64 in the front representing a new structure to suit new ideals.

The 1 energy represents the self and the 9 is about helping all of humanity, the 8 represents a massive re-evaluation with lots of emotion (the 2). Along the way this combination can mean a massive struggle to be independent and self confident, as you may feel pulled in different directions.

At the front of the date for this election (8/11/2016), with the 11 reducing to a 2, we have 82/ 10/ 1 which represents the will to implement the wisdom of the new consciousness. But there also may be a great deal of scepticism that comes up.

As we can see from the 'Relationship Chart' this election date brings up a great deal of emotion, with regard to inspiring others to think in new ways and the responsibility of deliver. There may be a lot that goes on in your head that can't put into words. Ultimately the election date completes its mission through Hillary. Her starting point (26/ 8) represents 'Lord Karma' and achieving success so she can help others. 26/ 8 also means that any misuse of power and knowledge will have to be faced. This is about taming personality and working towards becoming selfless. 26/ 8 can represent 'kick up the bum' or a 'wake up call'. Hillary's gift (10/ 1), is leadership and also gives her the potential to re-invent herself.

Responsibility is something that Hillary takes very seriously her Expression No. 96/ 24/ 6 represents moving from the smaller self to the greater self. The 24/ 6 can mean being pushed out of her comfort zone to deliver and being quite ruthless about getting what she wants.

The 'job to be done' that comes from the date of this election is 17/ 8, which represents seeking out the truth and building something solid based on this.

The lesson that comes from this date is 'watch out for illusions, see life as an experience not a sacrifice' and the negative resulting from this can be childish behaviour.

We can see from the 'Relationship Chart' central to the date of these elections is inspiring others to think in new ways (11/ 2), to help all of humanity (9). Donald is potentially taking these elections in a different direction as he wants the freedom to build something solid and central to his world is his home and relationships. Interestingly there is the potential for him to build something solid with Barack Obama in his world. Barack also connects Hillary and Donald as central to Barack's world is success in the material realm and changing patterns that will otherwise go on forever. This connects him to Hillary as her starting point is also 8 energy and the first letter of her name (H) is an 8. But

Donald and Hillary may feel they can't express all they want to express in these elections.

Both Hillary and Donald are 'Old Souls' and here in service. Both are great organisers, very practical and physical. They are both impatient, focussed and want to get on with the job. Both have a gift for self expression.

Donald is very sensitive, but he goes to great lengths to hide this, putting his suit of armour on when he goes into battle. This combination can make him very controlling and manipulative. He may have to be pushed to the edge to find himself and to acknowledge just how sensitive he is. Donald's lessons are 'beware of glamour use your true feelings to see clearly in all situations' and 'work at self mastery and balance between the material and spiritual' otherwise there is the potential for sabotage and self-destruction.

Central to Donald's world and Hillary's world is 40/ 4 energy, for Donald this is his mission and the first letter of his name (D) is a 4, for Hillary 40/ 4 is her Personal Intent.

40/ 4 represents being very practical, systematic, orderly grounded and focussed on building something solid. As a 'Personal Intent', 40/ 4 can represent self preservation and protection from change. (As we can see from the 'Relationship Chart' 1 is also central to Hillary's world and this is all about survival). 40/ 4 can also represent 'harmony through conflict' as the 4 is ultimately about building the inner temple (with inner transformation), rather than building on the outside. The 40/ 4s can hold on like mad to all they have built, creating more method, systems and building more and more in matter.

Also featuring strongly is 48/ 12/ 3 energy (Donald's Expression No., Hillary's Personality No and a challenge for her) this represents a massive re-evaluation of security and stability, through bounty and crash. This can also mean turning yourself inside out, trying to make everyone happy and is all about waking up to the responsibility of your work and getting on with it.

Another challenge for Hillary is 40/ 13/ 4, which is about making something from nothing, never giving up and transforming things.

Another variation of 4 energy, that features strongly for Donald, is his 14/ 5 Birthday No., 68/ 14/ 5 Expression No. and 23/ 14/ 5 challenge.

14/ 5 energy is all about the power of the word and action (1) through structure (4). 14/ 5s can refuse to be taught, as they have to do things for themselves. 68/ 14/ 5 represents practical communication and 'the right word at the right time' but you have to be careful 'not to grind down the record'. 23/ 14/ 5 can mean extremes of emotion, as Donald is deeply sensitive and this can be a challenge for him. He may be up with his ideas and then down with his emotions. 23/ 5 is about capturing the light and grounding it i.e. going with his ideas without the procrastination or fear and building something solid from this. 23/ 5 is also Donald's Personal Intent and what 'opens doors for him'. 23/ 5 also features very strongly in Hillary's Life Map' from 2011 to 2018 (8 years).

41/ 5 is also Hillary's Personality no. after marriage and this represents shaking things up to at every level to bring about change. (41/ 5s also attract abundance in tangible ways).

32/ 5 is also Hillary's Soul Urge (or motivation) after marriage and this represents the ability to

communicate and speak for others through her personality. This gives her great skills for media and the communication of ideas, helping her to make her vision real.

Hillary is dominated by 3 energy, her mission and personality is 57/ 12/ 3 energy and her Soul Urge or motivation is 39/ 12/ 3. After marriage her personality 75/ 12/ 3 and her Expression is 21/ 3.

Ultimately the place this takes her to is 30/ 3 energy with 93/ 12/ 3 along the way. With so much 3 energy there is a great deal of light coming through that has to be grounded.

12/ 3 can represent government perfection and structure as we have 12 hours in a day, 12 zodiac signs, 12 months in a year. Also $4 * 3 = 12$, 12/ 3 can therefore represent a massive gathering of energy, deep thinking and the potential to turn things around. 12/ 3 also represents co-operative ventures to bring joy into the lives of others, also harmonising within yourself, the two sides of who you are the 1 being the more masculine assertive side, the 2 the more feminine, diplomatic and sensitive side. Like Donald it is a challenge for Hillary to acknowledge her sensitivity as the great strength it is.

57/ 12/ 3 (Hillary's mission and personality) represents demonstrating and communicating the wisdom. This energy makes Hillary very good at communicating her ideas. It also means she will bounce back and have fun no matter what.

39/ 12/ 3 (Hillary's Soul Urge or motivation) represents a massive letting go, giving something up to serve a bigger/higher purpose. (It's interesting that 39/ 21/ 3, also represents is a personal struggle for Barack Obama and potentially a letting go of some of his ideas).

75/ 12/ 3 (Hillary's Personality after marriage), represents being a creator of systems of communication.

21/ 3 (her Expression after marriage), represents the birth of the idea, but also great impatience.

The place Hillary gets to is represented by 30/ 3 energy, which is about uplifting others with your vision and cutting the veil of illusion along the way (93/ 12/ 3).

The place that Donald gets to is 29/ 11/ 2 energy which is about bringing in the light and inspiring others to think in new ways, but there can be a massive fear of failure (this is also Barack Obama's mission). Also at the front of Donald's Date of Birth (14/ 06/46), with the 14 reduced to a 5, we have 56/ 11/ 2 which represents the journey from the head (5) to the heart (6). 56/ 11/ 2 can make you a great organiser, with the potential to re-invent yourself and to inspire many others.

So, both are bringing down a great deal of light to illuminate the darkness and wake us all up.

Whatever the outcome on Tuesday, we should be grateful for this.
